PROFESSIONAL SUMMARY

Machine Learning Intern at Pratinik Infotech with experience in Python-based ML pipelines, model training, and automation. Skilled in Node.js, FastAPI, and security-focused development, with a focus on blockchain and AI-driven systems

TECHNICAL SKILLS

Node.js • FastAPI • Python • REST APIs • JavaScript • Git • Bash scripting • MongoDB • MySQL • C++ • C • Java • React.js • scikit-learn • Computer Vision

EXPERIENCE

Machine Learning Intern — Pratinik Infotech

Feb 2026 - Apr 2026 | Bengaluru, India

- Developed and automated ML data preprocessing pipelines in Python.
- Built, trained, and evaluated supervised ML models using scikit-learn, NumPy, and Pandas.
- Analyzed model performance metrics to guide iterative improvements.
- Implemented Python scripts to automate model testing and result logging workflows.
- Collaborated with senior engineers on model deployment workflows.

PROJECTS

WarrantyChain – Blockchain Warranty & Ownership Verification

Technologies: Solidity, Ethereum, React.js, Node.js, Ethers.js

Decentralized application for warranty registration, verification, and ownership transfer using Solidity smart contracts, MetaMask authentication, React.js, Node.js, and Ethers.js.

AI Code Review Assistant

Technologies: Python, FastAPI, LLM APIs, REST

Python-based automation tool using LLM APIs to analyze source code and provide categorized, actionable feedback with a FastAPI backend and interactive review dashboard.

AI-Based Parental Control System

Technologies: Python, Computer Vision, FastAPI, Android Security

Intelligent security system using facial recognition, OTP-based access control, secure biometric storage, and a FastAPI backend for authentication, activity logging, and uninstall protection.

EDUCATION

Bachelor of Engineering in Computer Science & Engineering

Acharya Institute of Technology | Bengaluru, India

2023 - 2027 | CGPA: 8.3/10

Relevant Coursework: Data Structures & Algorithms, Computer Networks, Operating Systems, Database Management Systems, Object-Oriented Programming, Software Engineering

CERTIFICATIONS

- Machine Learning Internship Certificate – Pratinik Infotech
- Machine Learning and AI Foundations: Prediction, Causation and Statistical Inference – LinkedIn Learning
- Practical Cybersecurity for IT Professionals – LinkedIn Learning
- Introduction to Identity and Access Management (IAM) – LinkedIn Learning
- Build Your Cloud Computing Skills & Introduction to Cloud Computing for IT Professionals – LinkedIn Learning
- Networking and Administration Fundamentals – LinkedIn Learning
- Agile Project Management with Jira Cloud – LinkedIn Learning

ACHIEVEMENTS

- Secured Top 23 position at Hackaphasia Hackathon 2025 among 200+ teams.
- Participated in AmBITion Hackathon 2025 and built a functional prototype under a 24-hour constraint.
- Active participant in technical coding challenges, project-based competitions, and open-source learning programs.
